**Subject:** starting points for the Regional report: Bay Delta and Drought Preparedness

Bill and David:

Kristin requested that I send you some materials on the Bay Delta and the western drought that summarize the challenges and our activities.

I'm sending you some Bay Delta overview materials that I previously prepared for the Administrator, and then an overview of our drought response strategy that John Kemmerer and I drafted.

FYI, the full-length drought response strategy runs 27 pages and is due for an update, and I'm not attaching it here as Kristin and I discussed available summary materials.

Duty calls me to Rancho Cordova on Thursday and I'm away on Friday, but could talk with you next week in more depth if you wish.

Thanks for your interest.

Tim
